About the Awards

Hong Kong Investor Relations Association (“HKIRA”) is committed to promoting excellence in investor relations (“IR”) practices and advocating the setting of international standards in IR for the companies listed on the Hong Kong Stock Exchange.

To achieve this goal, HKIRA has launched the Investor Relations Awards since 2015. The HKIRA 4th IR Awards continues to recognize and honour outstanding IR professionals, and set the industry benchmark for high standard of excellence in investor relations by individuals and listed companies in Hong Kong.

How the Awards are Selected

1

NOMINATION

The Awards are open to public for nominations whose achievements deserve to be honored and have demonstrated the best IR practices for others to learn from.

2

ONLINE VOTING

After confirmation of the nominee’s participation, the nominated individuals and companies enter into an online survey. Domestic and international investment community including buy side and sell side analysts, and fund managers are eligible to participate in the online survey and vote on their choices of the Awards. Voters are expected to cast their top 3 choices for each award category.

3

SELECTION BY JUDGING PANEL

Top award finalists in each of the award categories enter into the selection process for the Most Progress in IR and the Overall Best IR Company Awards. Esteemed professionals have been carefully selected as members of the Judging Panel for the HKIRA Investor Relations Awards to ensure a fair and balanced evaluation and selection of award winners.

Conference Speakers

Arranged in order of appearance

Mr. Adam Riley

Director, Head of Systematic Active Equity Product Strategy
BlackRock Asset Management North Asia Limited

Adam Riley, Director, Head of Systematic Active Equity Product Strategy for Asia Pacific with a specific focus on the Retail & Wealth segments.

Mr. Riley joined BlackRock in 2006 and prior to moving to his current role, was the Asia Pacific Head of Product Strategy for the Retail Business. Prior to moving to Asia, Mr. Riley was Head of BlackRock's EMEA Retail Sales Support Group with responsibilities for 11 country offices within Europe, the Middle East and Africa. Prior to this Mr. Riley was part of the Investment Oversight & Due Diligence Team at BlackRock and earlier in his career Adam trained as a Strategy Consultant in Milan and London.

Mr. Riley earned a BA Dual Honours Degree in International Business with Languages from Sheffield Hallam University and Università Degli Studi Di Firenze in 2004.

Mr. Adam Stuckert

Partner, CIO Advisory
KPMG

Adam was the Project Director for a large scale digitalization project helping a leading global supermarket chain to establish their business in China through eCommerce platforms and by building a highly automated, digital enabled customer service organisation.

Adam was the Program Manager and lead for a three-year operations transformation program involving a cloud-based solution implementation, departmental process redesign, and departmental re-organisation. The program involved multiple vendors, multiple departments, and over 20,000 total days of effort, and was delivered on time and on budget.

Adam led a cloud migration assessment project, where the objective was to determine the optimal approach — in terms of IT delivery complexity, risk, and cost — for migrating applications from an on premise data centre to a combination of public and private shared data centres.

Adam was the Project Manager and utilities subject matter expert for a Hong Kong-based electric utility's data integration architecture design. The project involved working with stakeholders across multiple domains of a vertically-integrated utility, and catered for both real-time systems integration and the utility's need to integrate over 250 legacy applications.

As a subject matter expert in electric utilities, Adam managed a project team to develop a 10-year corporate and smart grid strategy roadmap for a north-western China electric utility. During this time, Adam also managed a project team to develop advanced performance measurement models and business analytics software for an eastern China electric utility.

Adam was the industry subject matter expert for a business capability mapping and application portfolio assessment for a Hong Kong-based electric utility, which helped prioritize the valuation of and investment in the client's application portfolio.
